BEARDED GERMAN IRIS

Iris germanica An essential component of any cottage style garden, these unmistakable flowers have a truly unique form. Consisting of only 6 petals: 3 upright 'standard' petals and 3 downward 'fall' petals; the result is greater than the sum of its parts. Few spring flowers offer the same dreamy fragrance and flamboyant display of Bearded German Iris. No.1 root.

Garlic Lover's Paradise

Allium sativum. Fall planted garlic, or hardneck garlic, is easy to grow and produces super large cloves that surround a central stem. Unlike the soft neck garlic, that produces smaller and smaller cloves as you get closer to the center. Plant them in mid-fall, several weeks before freezing. In late summer, your garlic will be ready to harvest. HT 8-24" 🌱

Porcelain (Music) **VESEYS TOP PICK**

Big cloves with bold flavour. A hardneck, porcelain garlic with white parchment skin and a slight blush of pink. 4-6 large cloves/bulb. Hardy and stores well.
